### JEEKLS.COM

#### **ALL-OVER PRINT** DUFFLE BAG

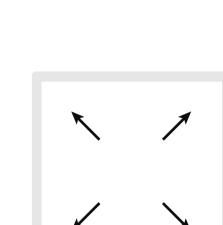

Print file size

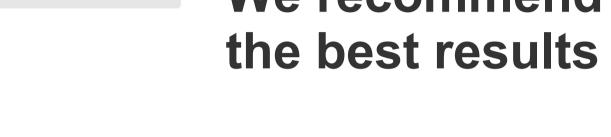

#### RESOLUTION

Graphics should be at least 150 dpi We recommend using 300 dpi for

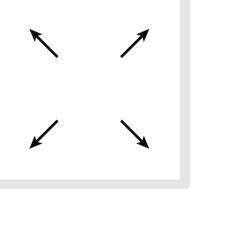

#### FILE FORMAT

Please submit your files in .PNG or .JPEG format

#### COLOR

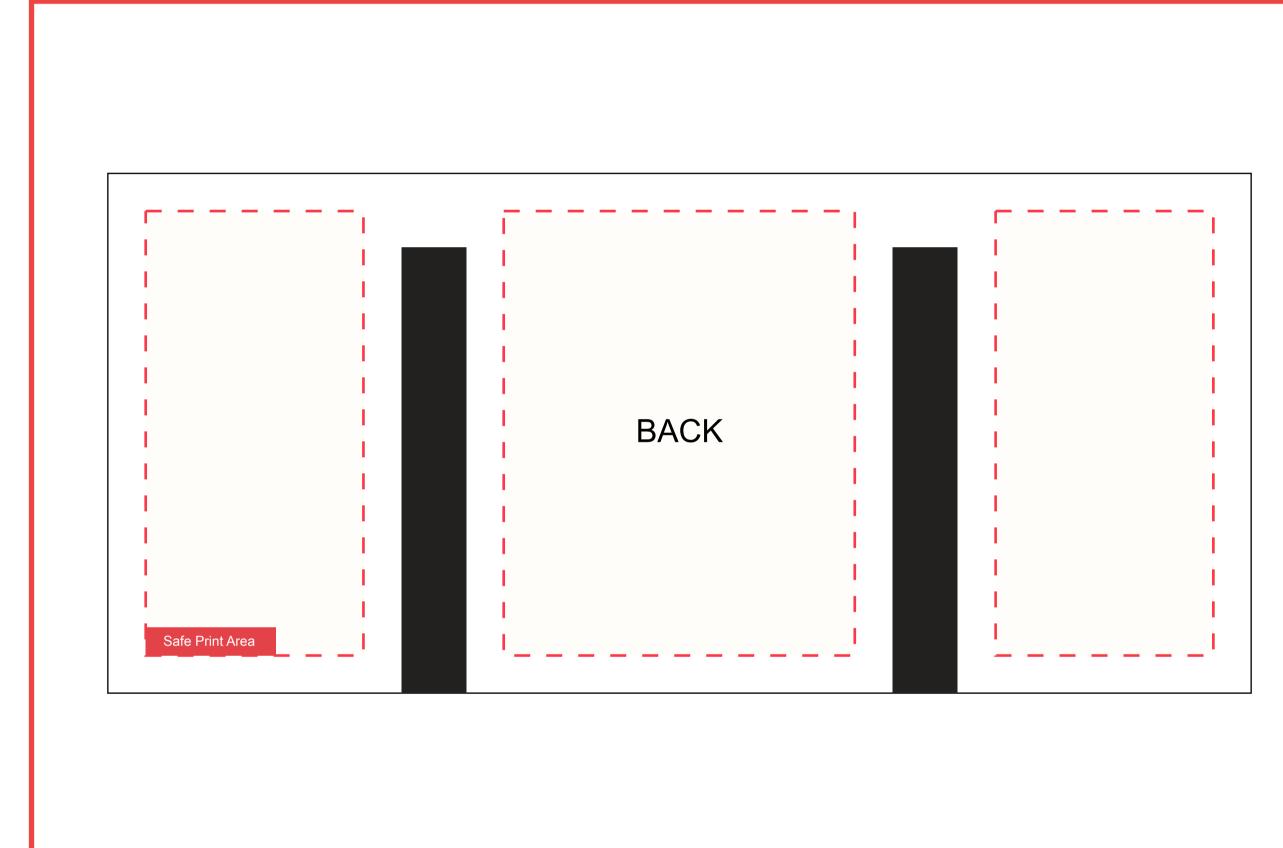

All colors should be in sRGB.

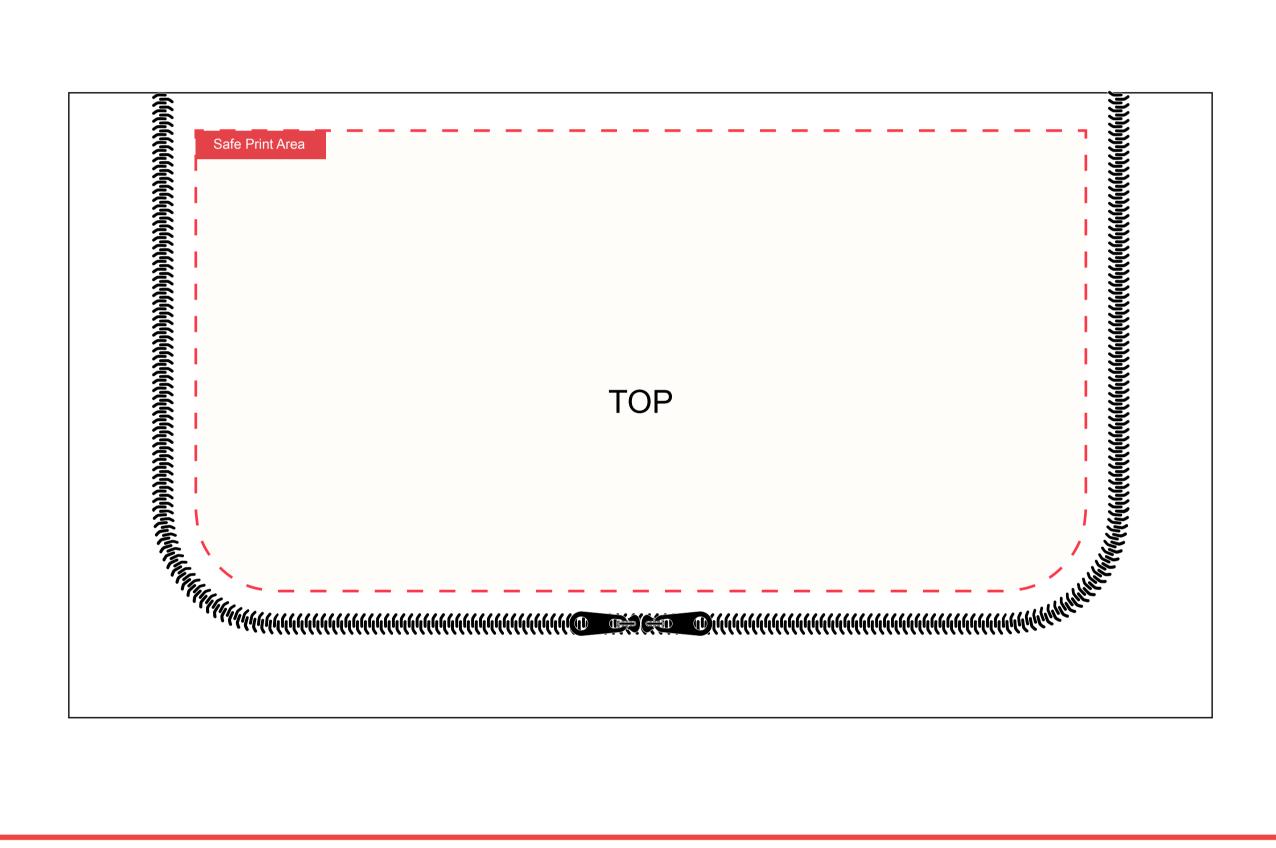

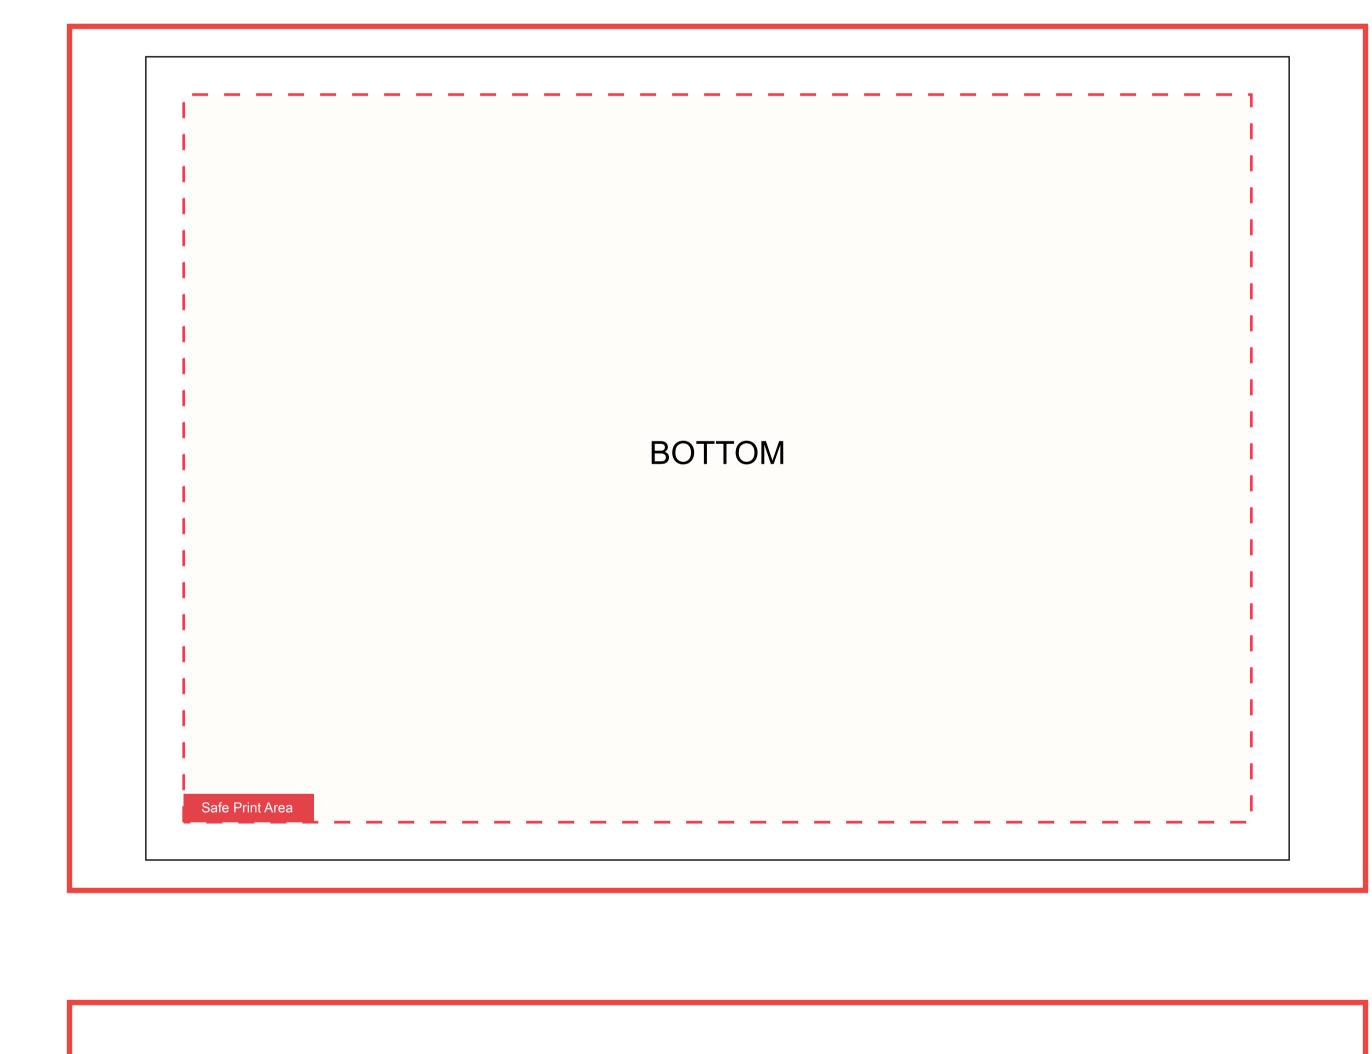

## **PLACEMENT**

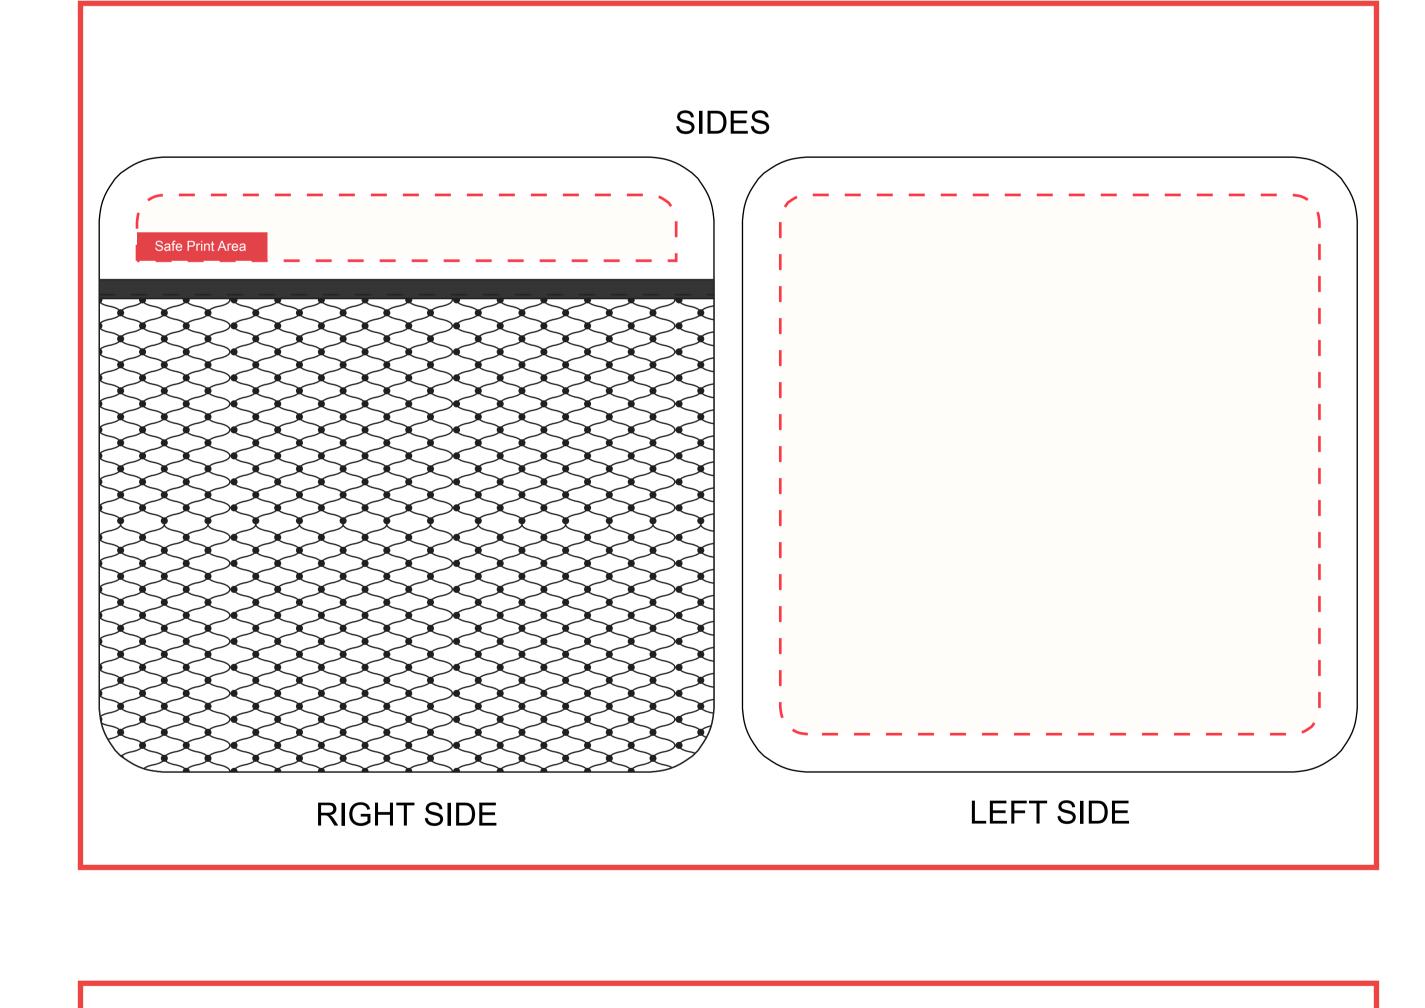

Exact placement is not possible. Making a seamless image that goes from front to back is not possible. We cannot guarantee exact graphic and text placement nor alignment on seams.

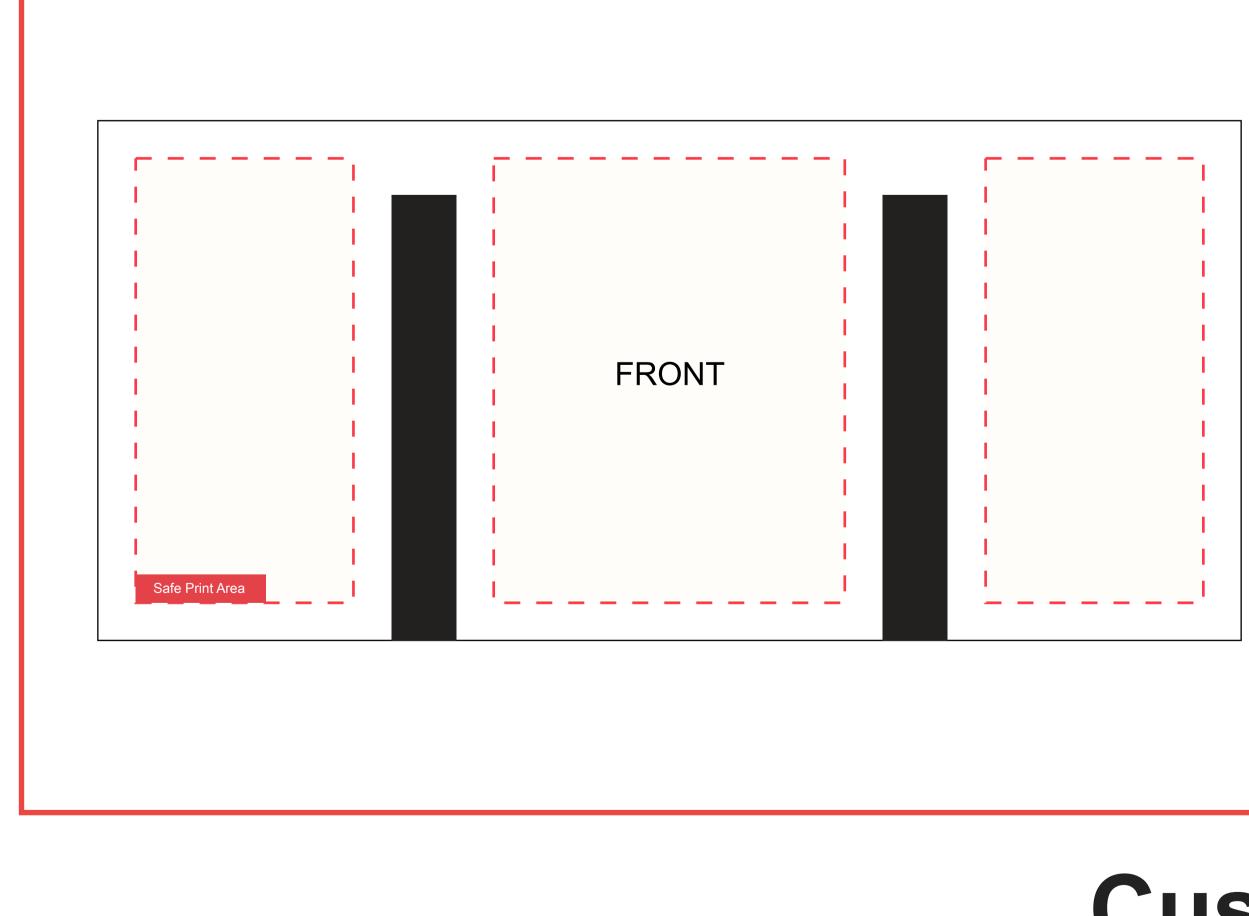

# Print files

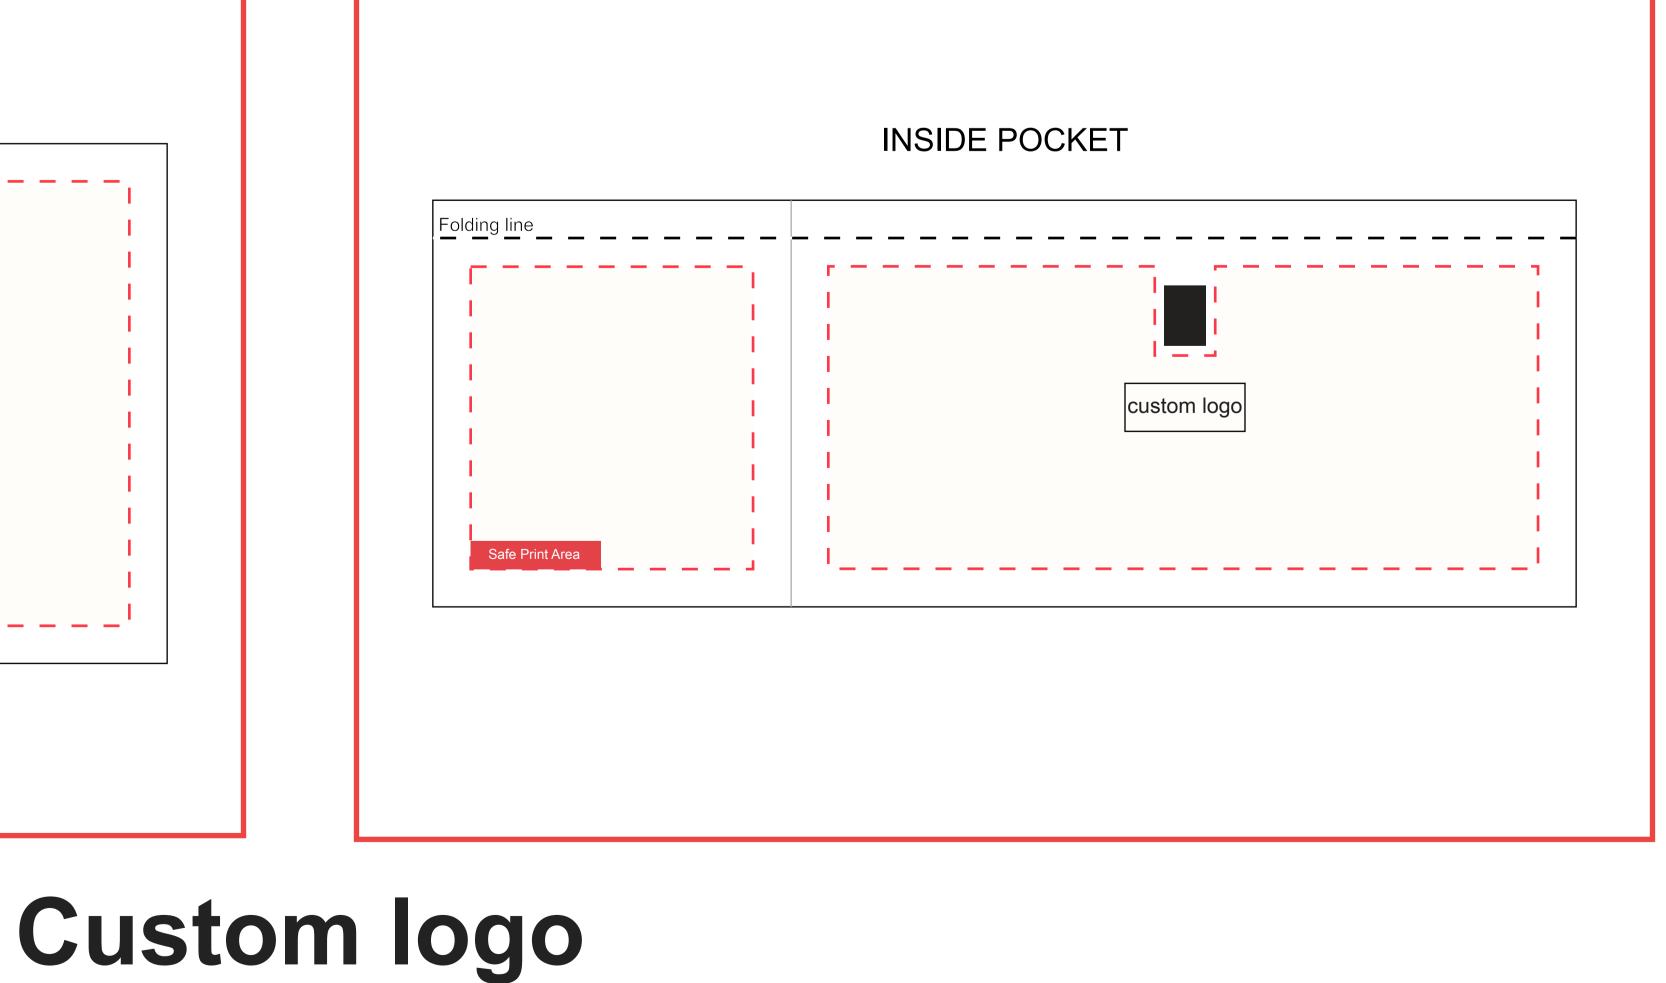

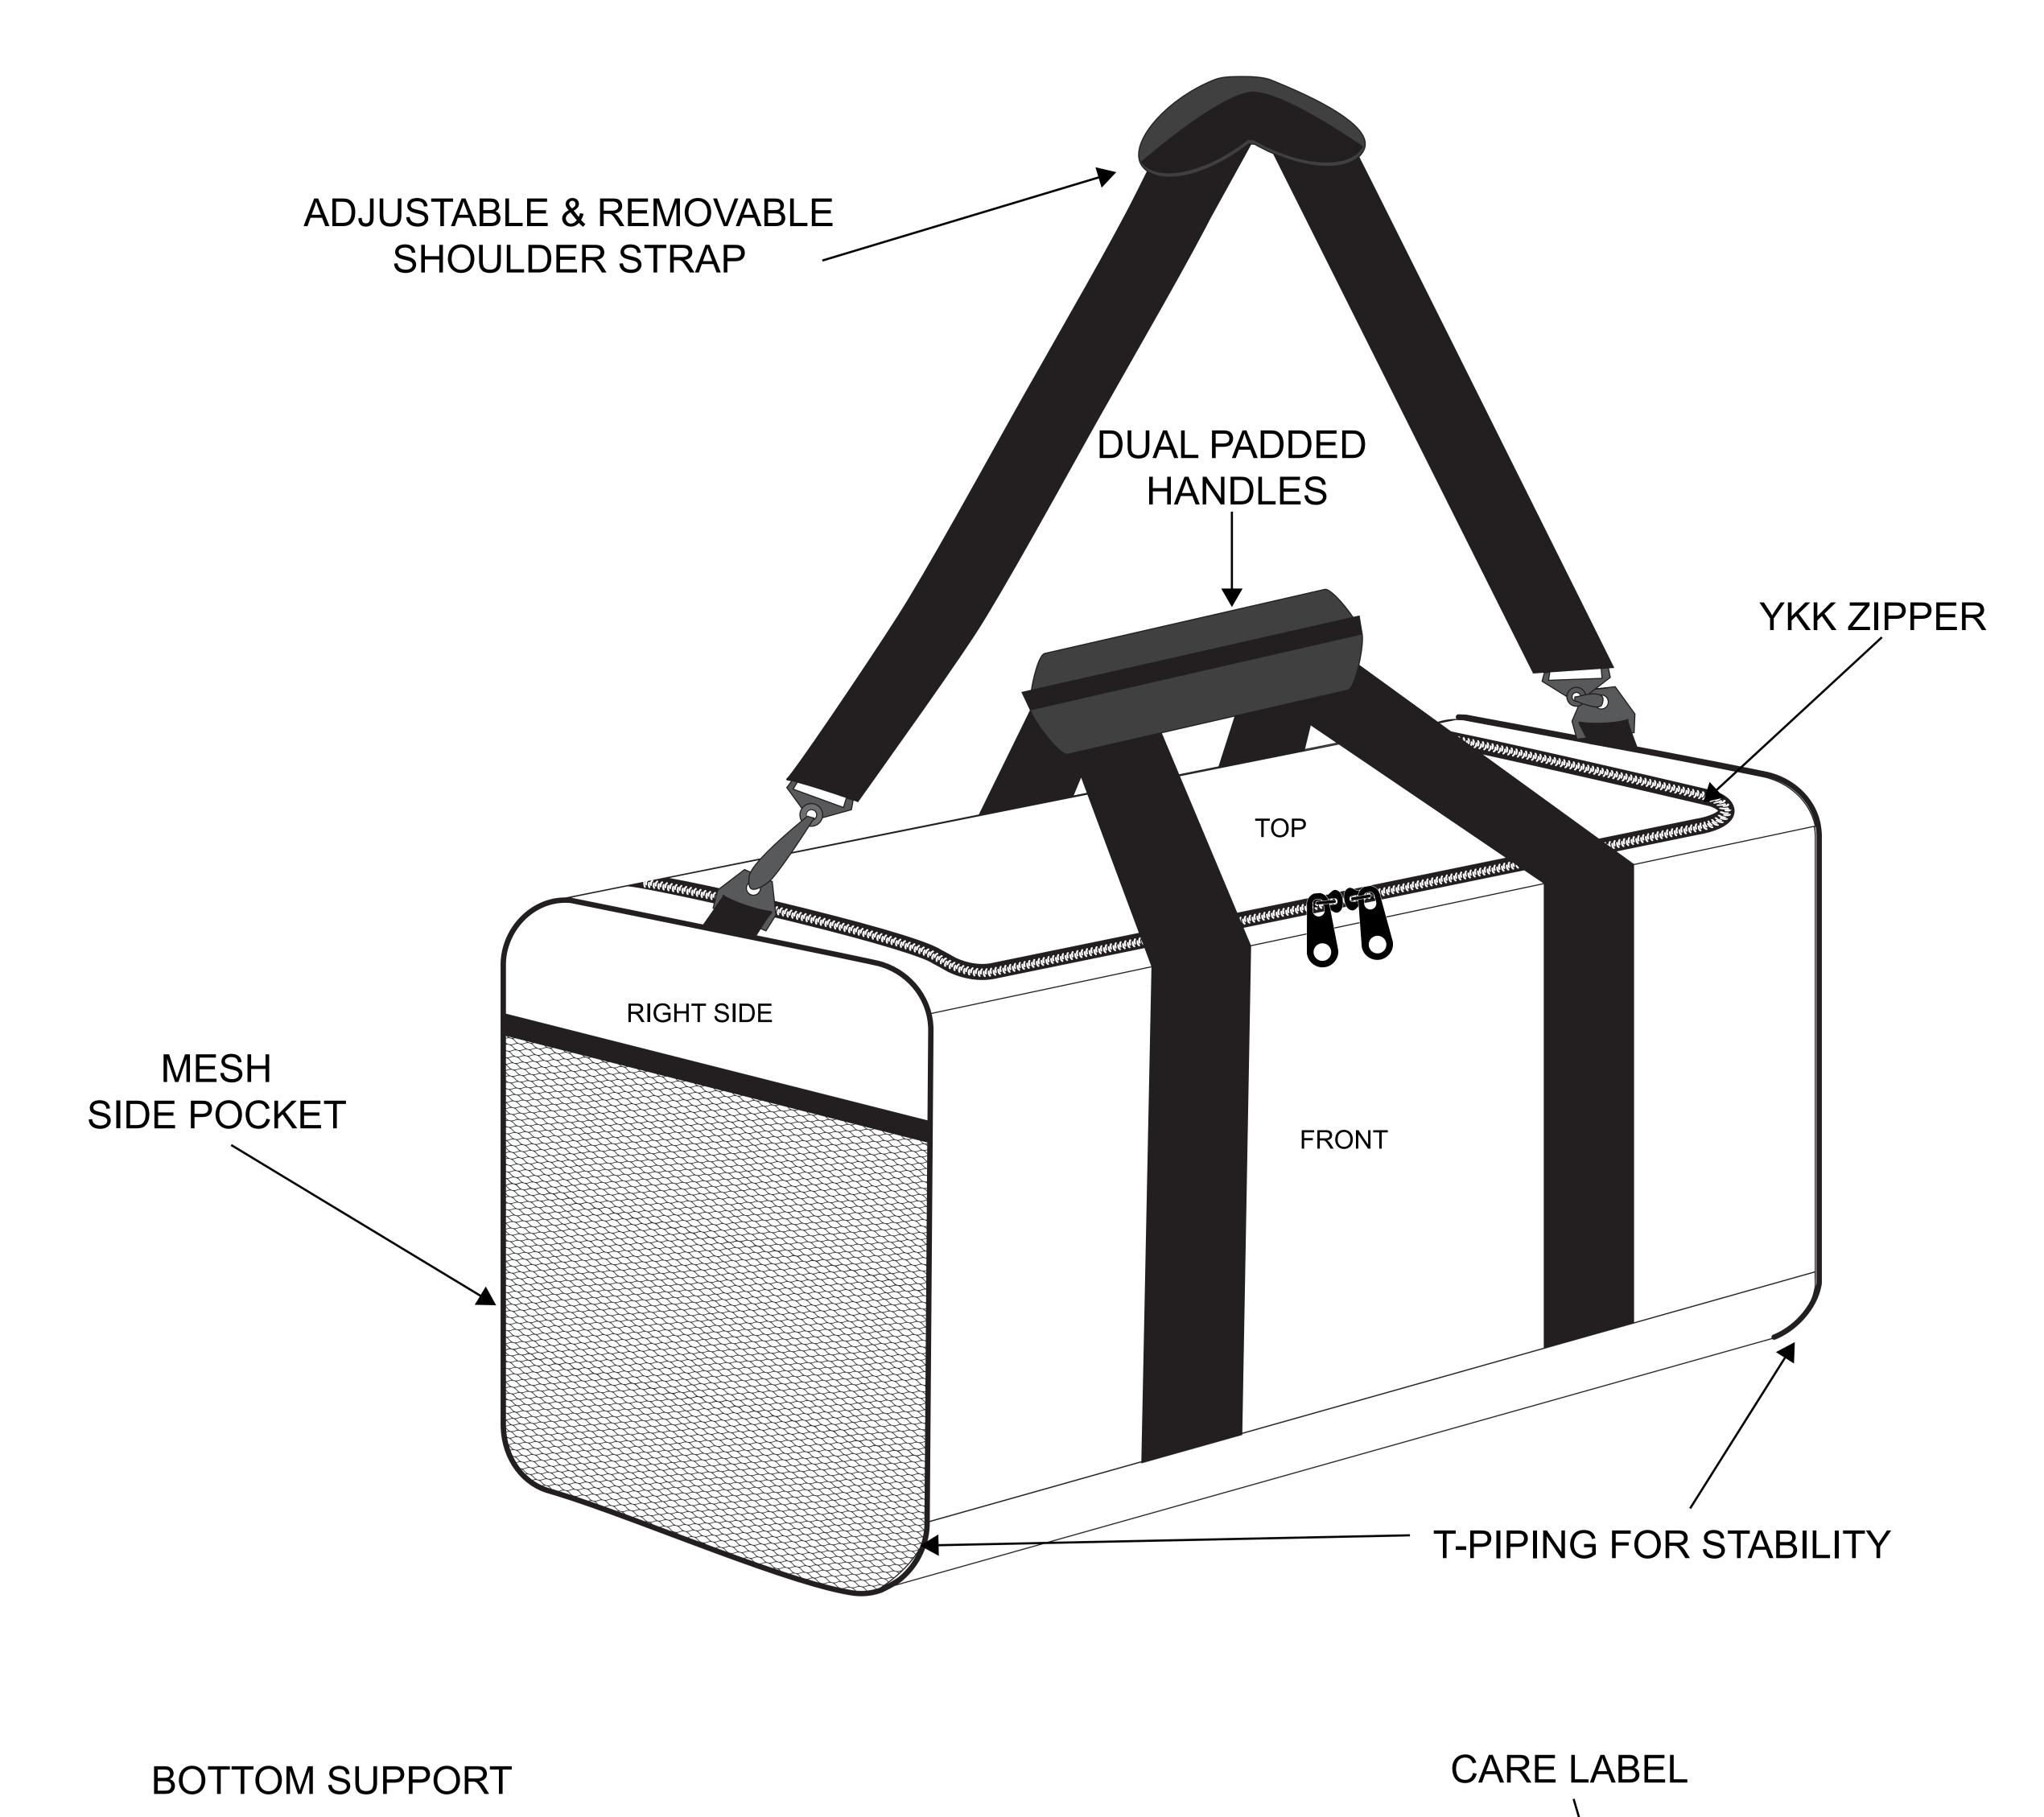

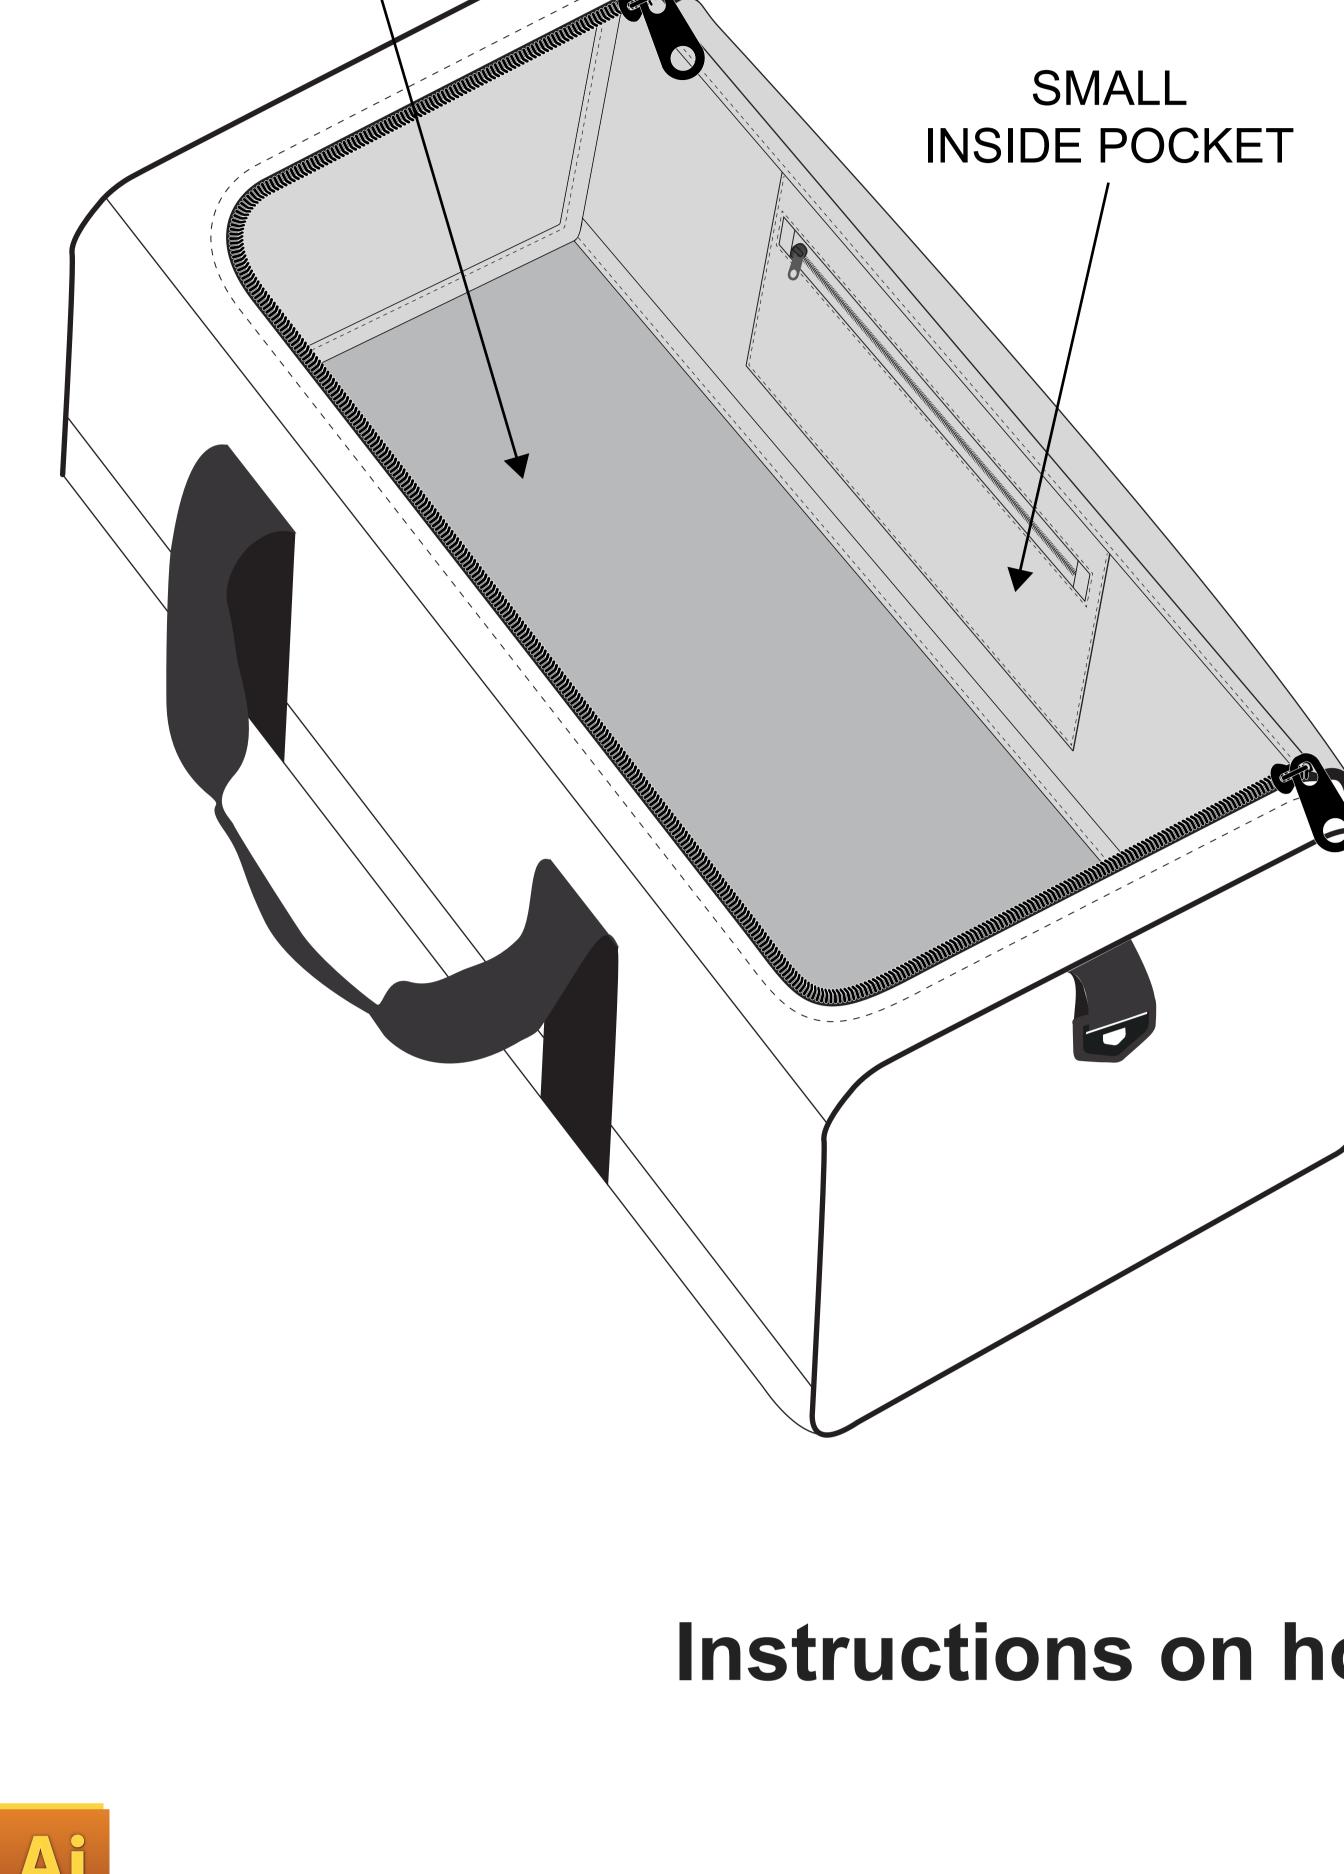

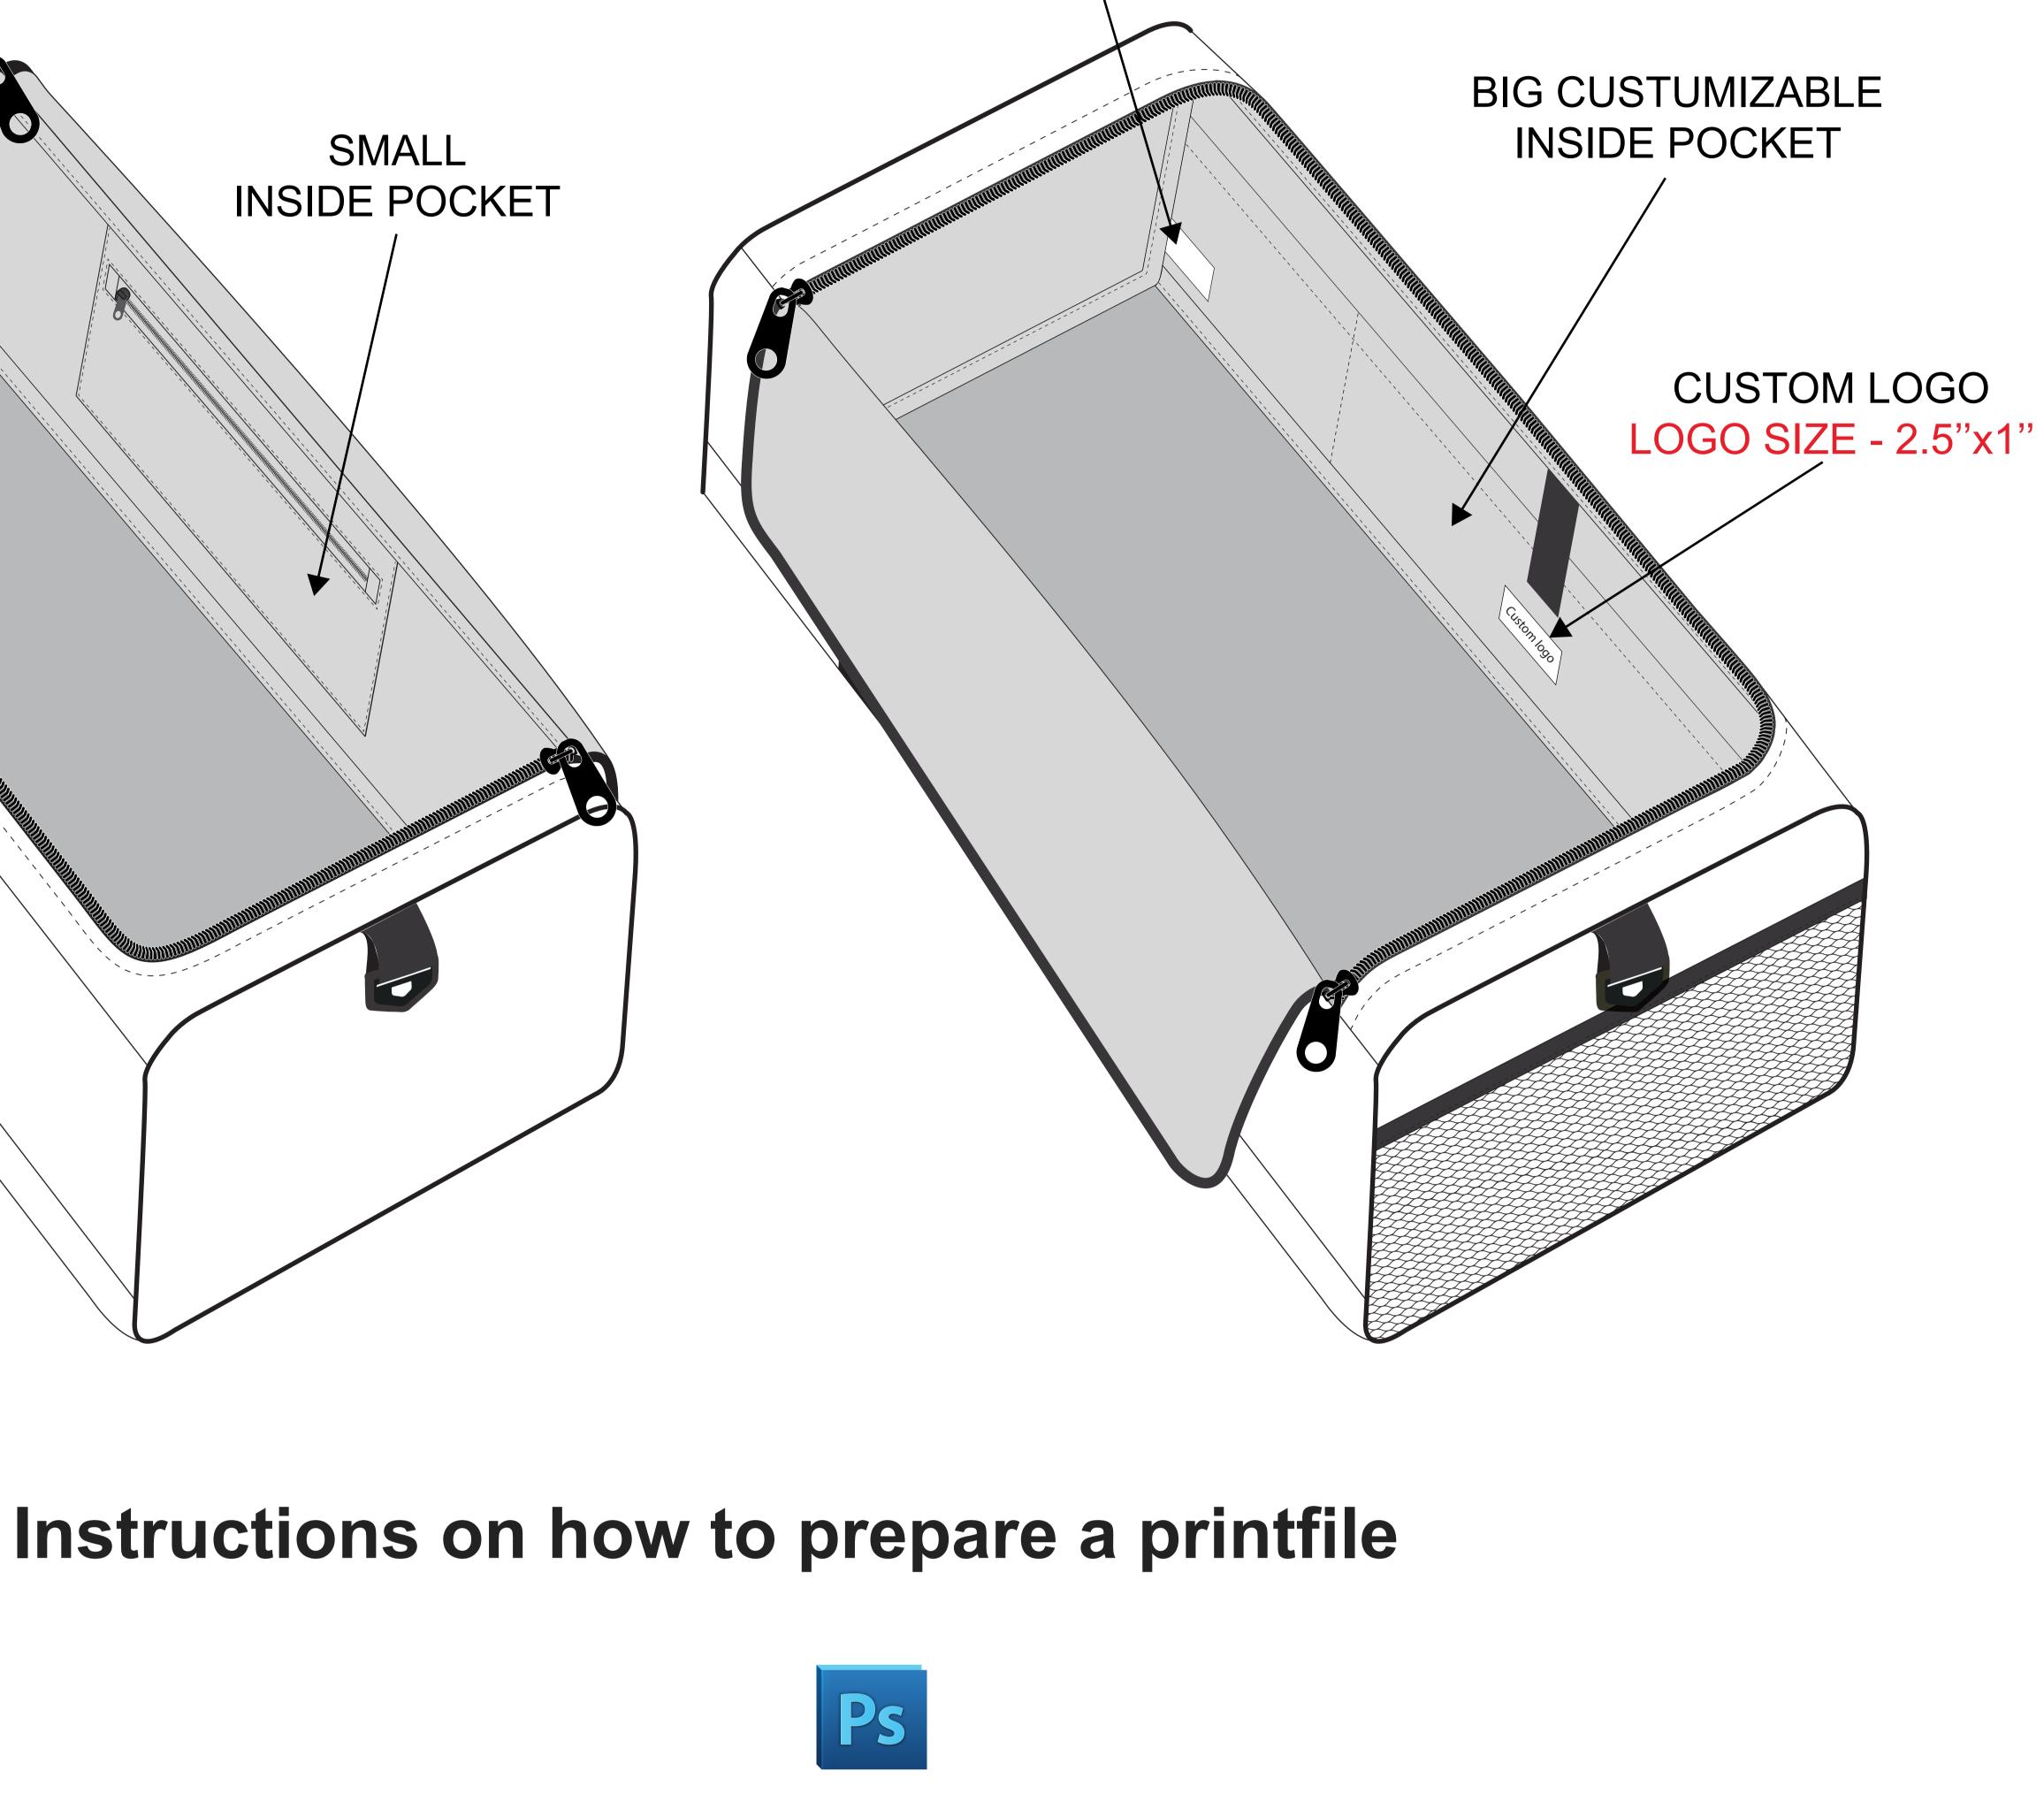

## You need to create a separate print file for your custom duffle bag logo and submit it along with your

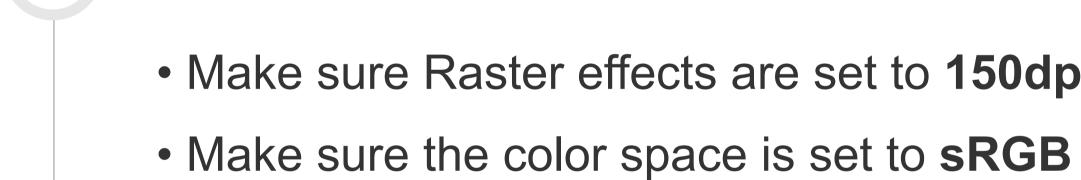

duffle bag print files. The custom logo template is found in the downloadable duffle bag print file folder. Use the entire print area. Any blank spaces will be white on the product.

# **OPEN** The template for this product or
